

NETWORK *Notification*

Notice Date: October 9, 2024
To: Ohio Medicaid Providers
From: CareSource
Subject: Approved ABA Service Authorizations
Effective Date: August 6, 2024

Summary

CareSource has noted an increase in requests related to changing of servicing practitioner within an approved Applied Behavior Analysis (ABA) authorization.

This is a reminder for all ABA providers in Ohio that a change request for a rendering practitioner is not necessary when the ABA services are provided by practitioners affiliated under the same group taxpayer identification number (TIN) within an approved authorization on file. The practitioner must work within their scope of practice, credentialing, and licensure specialization for claims to process accordingly.

Importance

This is an update to the current notification of changing of rendering practitioner on claims to decrease administrative burden.
